The Elegant Display – Mounted on the Wall

NoviFlat is an architectural electronic sign mounted on the wall. All installation cables are hidden. The patented lock system avoids un-authorized access to the sign.

Novicom is a solution that helps you guide your guests and visitors – easy.

On large displays, Way-Finder indicates which direction to go.

Using logos on the screen will improve the identity – and make your visitors feel welcome.

Display	Dimension
10"	282 x 220 x 34 mm
12"	308 x 282 x 36 mm
15"	361 x 310 x 29 mm
